Tournament Registration Changes

Our tournament registration process has changed in 2019. All participants will need to create a Player Profile on our new registration and payment portal. Thank you for your patience as you go through this one-time process! Here are some quick notes about the process.

If you have a GHIN handicap number, use it when you register.
If you do not have a GHIN number, choose Register Without a GHIN number.

You may create your Player Profile, join the tour, and register for Junior Tour events without a GHIN number, but you will need one to register for our other SDGA Championships. Contact your home club or the SDGA office at 605-740-7085 or juniortour@sdga.org to find your existing GHIN number or get a new one.

For team championships, both players must have a profile created and active GHIN number in order to register for the event.

Each participant's Player Profile must have a unique email address. If you are registering someone without their own email address, you may use the following method. Add a "+" sign and a unique identifier (a number or name) to a valid email address to create a unique login for multiple players. If I have a Player Profile with the email address sdga@sdga.org, I could register my children using sdga+sophie@sdga.org and sdga+claire@sdga.org. All emails would come to sdga@sdga.org, but each participant will log in with their unique email address.

Please call our office at 605-740-7085 or email juniortour@sdga.org if you have any questions or difficulty.
